MEMORANDUM FOR: Executive Officer, DCI/IC

SUBJECT : CIA Notices re International Terrorism Group

1. In rounding out our study on the intelligence community's support for U.S. efforts to combat international terrorism, we would like to review such CIA documents as exist on the establishment and responsibilities of the International Terrorism Group, now appended to the Operations Staff of the DDO. Such documents may be in the form of a Clandestine Services Notice, a Headquarters Notice, a Memorandum, etc.

2. Would you be so kind as to consult the Executive Registry in our behalf to determine if they have copies of the appropriate documents and if we may review them? If possible, we would like to see the material on or before 13 August.
